## Bella Sera® Red Blend

Bella Sera wines celebrate the simple, unexpected moments that turn the everyday into the extraordinary. Honoring the Italian tradition of bringing family and friends together for delicious food and wine, Bella Sera offers five food-friendly wines, including a sweet Moscato, a refreshing Pinot Grigio, and four classic Italian reds. Crafted from some of Italy's most renowned growing regions, our wines embrace the beautiful life.

### About the Wine:

Our Bella Sera Red Blend is crafted to be soft and approachable. This blend offers a rich expression of Italy through its combination of Merlot, Syrah, Bonarda, Lambrusco, Sangiovese and Montepulciano grapes. With its dark fruit aromas and flavors, Bella Sera Red Blend pairs well with any occasion that includes great people and great food.

### Winemaking Notes:

Following harvest, the grapes for our Red Blend were crushed and pumped over to upright, stainless steel tanks. After primary fermentation, this blend underwent limited maceration and malolactic fermentation in an effort to create a rounder, more robust mouthfeel with deeply concentrated flavors.
